Envelopes

We provide the utmost care for the sending of your documents

Flat wrap from a sheet of paper folded so that it gives a single-piece front and a back composed of four flaps that come together.

At Impaorsa, we take care of both your documents as well as their wrapping for posting because we want your work to be unique, different and of the highest quality.

Envelope types

- **Standard:** we offer standard envelopes in a wide range of sizes and formats, with all kinds of flaps (glued, self-closing, etc.) with or without window.
- **Corporate and creative:** using standard quality or a custom format, any type of printing is possible. We offer multiple media (coated, offset, etc.) and infinite finishing possibilities. This is an effective visual communication element.

What is its scope of application?

Flat wrap from a sheet of paper folded so that it gives a single-piece front and a back composed of four flaps that come together.

- Notifications.
- Communications.
