Labels

The label that effectively sets you apart

Impaorsa designs and manufactures customised labels to give added value to your product or company. We offer labels that fit your needs and always exceed your expectations.

We make labels with all types of finishes: glazed, laminated, die-cut. We use the adhesive that best suits your needs: permanent, removable or special, on thermal, coated, offset, film or synthetic, fluorescent or metallic – and many other – media. They can be made in spools, sheets, webs and forms.

We are able to offer you anything you need or want. Your imagination is the limit when it comes to promoting your products.

What is its scope of application?

- Thermal labels (food, publications, booklets, etc).
- Security labels (anti-theft, tamper-resistant, thermochromatic, etc).
- Booklet labels: these consist of a folded multi-page brochure or a booklet attached to a label base. Promotional labels (scratch off, scratch and sniff, etc).
- Customisable labels (laser, inkjet).
- RFID labels.

Advantages

- Allows customisation with variable data.
- Excellent print quality.
- Effective for providing information about your products.
- Fully customised design and manufacture.
- Ideal for promoting a wide variety of products.
- Allows direct communication with customers.
- The most effective merchandising tool.
